

DeltaPSU Product Notice

Open Frame PJT-40W & MDS-040APS Series Product Upgrade Notice

In order to upgrade to the latest IEC 62368-1:2018 (Ed 3.0) standards, Delta will remove the varistor component (position "Z1") from the PJT-40W and MDS-040APS series. Comprehensive testing and verification of the results have been conducted to ensure that all customers can expect consistent, high-quality product performance after these design changes.

For more details, please refer to the latest specifications on the [DeltaPSU](https://www.deltapsu.com) website.

Model List:

Models	Old Label Revision	New Label Revision	Implementation Date
MDS-040APS12 BA	04.1	05	Nov-2023
MDS-040APS15 BA	03.1	04	Nov-2023
MDS-040APS18 BA	03.1	04	Nov-2023
MDS-040APS24 BA	03.1	04	Nov-2023
PJT-12V40WBx	01	02	Jan-2024
PJT-15V40WBx	01	02	Jan-2024
PJT-18V40WBx	01	02	Jan-2024
PJT-24V40WBx	01	02	Jan-2024
