Delta Electronics has extended our [PMT panel mount power supply series](#) with output power at 12V 350W. The product comes with two connector options consisting of Terminal Block and Front Face connectors. Delta's PMT series of panel mount power supplies can meet the price demand of cost competitive markets without compromising the quality of the components and product specifications.

The [PMT-12V350W1A□](#) features AC input voltage selectable by switch in a tough metal casing. It can operate with a wide temperature range from -10°C to +70°C and can withstand shock and vibration according to IEC 60068-2 standard. The PMT-12V350W1A□ will have no output power de-rating from 100Vac to 132Vac & 200Vac to 264Vac which means full power in a wider voltage range rarely found in other brands.

### Highlights & Features
